

Welcome back Crusaders! We are so excited to see you again on campus and are thankful to start school in person with you.

We hope you took care of yourselves over the summer and recharged after a challenging school year. During the 2021-22 school year, we want to focus on our EC community as we strengthen our friendships and relationships while working to support you, our students.

Your counselors want to meet you! Please stop by Student Services any time to meet your counselor, say hello, or have a quick chat!
